

2024 USBC Senior Championships Rules

(All rules for the 2024 USBC Senior Championships are subject to change)

All athlete services shall be conducted electronically whenever possible. Participants will be required to submit a waiver/release prior to competition.

The USBC Senior Championships is a handicap singles tournament consisting of two separate divisions. Handicap for each division is 90% of 220.

- Open Division - men and women
- Women's Division - women only

The tournament consists of six age classifications within each division:

50-54, 55-59, 60-64, 65-69, 70-74, 75+

- Each USBC state and Canadian Tenpin Federation provincial association will be permitted to send a maximum of six Open Division participants and six Women's Division participants, one in each age classification.
- Female participants will have to determine which division they want to enter at the state level. They may qualify only in that division.
- If a USBC state and CTF provincial senior tournament is not set up to include the six age classifications but would like to send six representatives to the USBC Senior Championships, they must compile a separate record of the standings in each of the six age classifications in order to qualify the top bowler in each age category.

AGE / ELIGIBILITY

- Age classification for the USBC Senior Championships will be determined based on the participant's age in the state/provincial competition. States may NOT send more than one entrant per age classification at the national event.
- All bowlers will compete in the age division in which they qualified, regardless of age when the 2024 Senior Championships takes place.
- Bowlers will not be permitted to bowl down in an age classification regardless of how they qualified in their state qualifier.
- All participants must have a current USBC Adult membership.
- If current membership cannot be verified, a USBC associate membership must be purchased at the tournament site at a cost of \$25.
- Bowlers must have been at least 50 years of age at the time of participation in their respective certified state or provincial tournament.
- Competitors must have bowled a minimum of six games at their state/provincial senior tournament.
- Competitors must be the handicap all-events winner in their respective age classification and division (Open or Women's). Exception to this requirement is as follows: If the winner is unable to attend, the state/provincial association can contact the next-place finisher, and go down as far as necessary in order of finish, to find a participant in the age classification. The entry fee from the original bowler is transferable to the replacement.

Each USBC state and CTF provincial association should have a tournament rule regarding ties for a championship. For example, "If a tie exists for first place within an age

classification, co-champions will be declared. For purposes of determining who will be eligible for the USBC Senior Championships, the bowler with the highest game, with handicap, will advance. If a tie still exists, the second-highest game, with handicap, will be used, etc.”

AVERAGE REQUIREMENTS

The average to be used will be determined in the following order:

A. Highest book average from 2021-22 or 2022-23 USBC/CTF winter, summer or composite based on 21 or more games.

B. If no 2021-22 or 2022-23 USBC/CTF winter, summer or composite average, the highest USBC/CTF winter season and/or composite average as of July 29, 2024, based on 21 or more games.

C. When a bowler’s current 21-game average and/or composite as of July 29, 2024, is 10 or more pins higher than the previous season’s average, that average must be used (USBC Rule 319a – 2).

- Bowlers who have both a USBC SPORT OR CHALLENGE LEAGUE average and STANDARD average from the same season shall use the higher of their Sport or Challenge average (unadjusted) and standard league average.
- Any bowler who has only a USBC SPORT OR CHALLENGE average must use the adjusted Sport or Challenge average utilizing the USBC Average Adjustment Scale.

D. Bowlers who do not meet any of the above requirements will be entered with a 220 average.

- Failure to use the correct average shall disqualify the score if the submitted average is lower than the correct average, thereby resulting in a higher handicap. Prize winnings shall be based on the submitted average if it is higher than the correct average. However, corrections in averages may be permitted up to the completion of the first game of a series.
- All entrants who have qualified for \$300 or more in any tournament event; \$500 or more in any one tournament; or \$1,000 or more in all tournaments during the 12 months prior to participation, must attach a report with the entry form showing actual score bowled and the amount of money won in each case (USBC Rule 319d).
- Bowlers shall adjust their entering averages and shall submit the adjusted average to the tournament manager, if during the 12-month period immediately preceding the date and time of bowling, the bowler’s accumulated average for all, but not less than 21 tournament games, exceeds such entering average by 15 or more pins (USBC Rule 319e).
- All entrants must report any re-rate or adjustments to averages from any other tournament or event prior to participation.
- Failure to report prize winnings (Rule 319d), submit adjusted average under USBC Rule 319e or report any re-rates, shall be cause for disqualification. Nothing in USBC Rule 319e will be deemed to supersede the authority of tournament management to adjust a bowler’s average upward prior to bowling. For purposes of average adjustment, tournament management will use guidelines including, but not limited to, USBC averages, previous tournament winnings and any records of bowler performance from league(s) and/or tournament(s).

- A bowler's average may be adjusted upward before participation in any event. If the assigned average is not accepted by the bowler, the entry fee shall be refunded (Rule 319c).
- Bowlers are responsible for seeing that their averages are verified before competition begins.

The use of abrasives, cleaners or polishes is permitted during practice and warmup, but never during competition. - **NOTE: The tournament director may allow a player to remove foreign substances from the bowling ball surface with authorized cleaners on a case-by-case basis.**

Ball Checks

- Bowling ball checks may be done as deemed necessary by the tournament director. A competitor is subject to disqualification and forfeiture of all points and prize money earned from the tournament if any bowling ball recorded on the competitor's scoring recap:

 2. Does not meet specifications as stated in Chapter 8 of the USBC Playing Rules or the USBC Equipment Specifications and Certifications Manual.
 3. Is knowingly tampered with to no longer meet USBC Specifications as stated in the USBC Equipment Specifications and Certifications Manual (USBC Rule 17a-1).

- The tournament director will notify the competitor and inspect the bowling ball in question at a time of the tournament director's choosing. A decision will be rendered as soon as the appropriate measurements or USBC field test can be completed.
- If the ball fails inspection, the ball shall be removed from competition and confiscated to prevent further use. Competitor shall only be subject to disqualification if there is a Rule 17 violation.

Powder

- No substance, including, but not limited to, talcum powder and EZ Slide, can be applied to the bottom of a player's shoes.

DEAD BALL SITUATIONS

The tournament director must be called and will make all decisions regarding dead ball situations.

Bowling on the Wrong Lane

- If a competitor rolls a strike on the wrong lane, he or she must bowl again on the correct lane.
- If the competitor does not strike, his or her pin count will stand, and he or she must shoot the spare on the same lane.

Bowling Out of Turn

- Bowling out of turn is a dead ball situation (USBC Rule 9).

Dead Wood

- If a pin is in the channel, a competitor must consult the competitors on his or her pair to determine if it is in play. If any other competitor feels the pin is in play, it must be removed before a shot is thrown.
- If the competitor attempts a spare conversion while a pin is in play, and the ball contacts the dead wood before leaving the lane surface, he or she shall receive zero for the shot.
- If the competitor attempts a spare conversion while a pin is in play and any pin after coming in contact with the dead wood knocks down one or more pins, he or she shall receive zero for the shot.

Missing Pins

- If it is determined that any pins were missing from the rack at which a competitor shot, he or she must redo that shot.

- An alternate pair shall be used whenever possible when awarding warm-up shots in the event of a breakdown.
- If an alternate pair is not available, two (2) shots will be awarded on the lane opposite of where the competitor will throw his or her next shot for score.
- If a breakdown requires competitors to move to an alternate pair not previously used in the tournament, each competitor required to move will receive two (2) warm-up shots on each lane. Subsequent incoming bowlers may receive warm-up shots at the discretion of the tournament management.
- If pair is repaired, it will remain out of play for all squads, unless a re-oil occurs. Pair may be brought back in to play if needed due to additional breakdowns.
